

[9:37 PM]

Gb1234:

Whats the deal here

We know youre the one cheating

And breaking into our stash now

[9:38 PM]

1823799721:

SB

[9:39 PM]

Gb1234:

Do you speak english

We know you are a cheater

Don't ignore me, we found you.

1823799721 has opened voice chat. Waiting on Gb1234 to join.

1823799721 has ended voice chat.

[9:42 PM]

1823799721:

wo hao hai pa nikuaidianshalewo

[9:43 PM]

Gb1234:

We don't want to cause trouble.

Why did you cheat and it ruined the game?

[9:45 PM]

1823799721:

My friends have already visited your house

[9:45 PM]

Gb1234:

Obviously we can't beat you, we didn't know you were cheating when we killed you. You won-we lost.  
We just want to play.

I know they are there.

[9:46 PM]

1823799721:

Do you know you have to fight against us?

[9:47 PM]

Gb1234:

We cannot defeat liars.

[9:48 PM]

1823799721:

Obviously it was us who cheated, but the cheating stuff was made by hackers like you.

We can't use this thing if you don't create this plug-in

[9:49 PM]

Gb1234:

We know you are cheating. We cannot defeat liars. There is no point in fighting. You can generate weapons, see through the wall, kill us through the wall, and teleport back.

[9:49 PM]

1823799721:

You people have one set on the surface and one set on the back

[9:50 PM]

Gb1234:

Who are you talking about as a hacker?

[9:50 PM]

1823799721:

You Americans

Instead of making things by yourself, talk about others

[9:51 PM]

Gb1234:

You blame one person for the behavior of another person. You are responsible for your actions.

[9:52 PM]

1823799721:

Okay, you think so casually, but if you grab my stuff, my friend won't let you go.

[9:53 PM]

Gb1234:

Okay, you think so casually, but if you grab my stuff, my friend won't let you go.

It's easy for me to kill you without cheating, so out of selfishness, you used cheating to kill me. Without them, you are not good enough to play honestly.

[9:54 PM]

1823799721:

Killing you is not the purpose. As long as you are still playing in this service, you will have no gaming experience.

I don't care

[9:55 PM]

Gb1234:

I beat you fairly, so you cheated. Why does your friend think he needs to avenge your death? You are dishonest.

[9:55 PM]

1823799721:

I can't cheat. Don't be afraid of that.

[9:55 PM]

Gb1234:

What do you and your friends accomplish by cheating?

I know you cheated and I am recording all this. You have admitted to cheating.

[9:57 PM]

1823799721:

You are not qualified to tell me these things

[9:57 PM]

Gb1234:

My friends and I are honest people, what's the use of lying to us and killing us?

[9:57 PM]

1823799721:

Even if the game is gone, I can change my number and hunt you down.

As long as you are in the game, you have to play at any time at the risk of being killed by a spike

[9:59 PM]

Gb1234:

I thought Chinese people have a sense of honor since they were young? Your father didn't teach you anything.

When you are banned, the cheats you subscribe to will buy new games, right?

[10:00 PM]

1823799721:

Did your father teach you to play games?

Just talk well and don't involve the country

[10:01 PM]

Gb1234:

Those who accuse Americans of cheating say

[10:01 PM]

1823799721:

Have fun with your game. I'm on my way to your house.

I want to raze your house to the ground

If you are afraid, cheat or surrender by raising your hand

[10:02 PM]

Gb1234:

When you are banned, will there be a refund for the cheating you paid?

You are afraid to admit what I already know.

[10:03 PM]

1823799721:

You don't talk nonsense, what do you want to say

Do you know everything and ask me?

You are lying, you idiot

[10:04 PM]

Gb1234:

You are a coward

[10:05 PM]

1823799721:

Bye bye, I wish you a good gaming experience

Meet your family later

[10:05 PM]

Gb1234:

I hope your cheating will compensate you for the ban you will get

[10:05 PM]

1823799721:

:steamthumbsdown:

[10:08 PM]

Gb1234:

You can see my name this morning and know who I am, so you added me. When I kill you, you will know which player killed you. Then you teleport back twice. Then you used malpractice to kill me and my friends on the map. You admitted this during the conversation, and I knew you were hacking anyway. When you know that I will ban you, you will pedal backwards like a frightened fish fleeing from a shark. You are sad.

Even with your cheats you call your freind. He will be banned too. Do your parents pay for your cheat subscription child?

Even if you cheat, you will call your friends. He will also be banned. Will your parents pay for your cheating subscription child?

You are afraid to speak now. It's best to ask your mother for money to buy the game again.
